

COMMERCIAL MATTERS.

Table of exchange rates for various locations including London, India, and other international markets.

Table of exchange rates for various locations including London, India, and other international markets.

Gold-bearing Government stocks continue steady, New 5-20s selling at 102 1/2 and Old at 104 1/2.

The closing prices were: New York Central, 107; Erie, 92 1/2; Hudson River, 104; Reading, 117; Michigan Southern, 74 1/2; Cleveland & Pittsburg, 87 1/2; Rock Island, 110 1/2; North-Western, 31 1/2; North-Western Preferred, 66 1/2; Fort Wayne, 102; Prairie du Chen, 66 1/2; Ohio & Mississippi, 67 1/2; Quicksilver, 50 1/2.

Money on call is 7 per cent and in good demand. The activity in stocks, the movement of the crops, and the general buoyancy in business are steadily giving leaders an advantage they are not slow to improve.

Freights are quiet. The engagements to Liverpool are 14,000 bushels of corn at 55 1/2 per ton, 1,500 boxes of cheese at 40s, and 200 boxes of bacon at 25s; a bark was chartered to Cork for orders at 55s 6d.

The business of the Sub-Treasury was: Receipts, \$1,906,265 47-100 for Customs, \$29,000; Payments, \$1,861,925 97-100 on account of Loan, \$247,000; Balance, \$48,388,455 36.

The Cincinnati Commercial, of Monday, says: The money market remains its close features, although the pressure for loans is not excessive. This, at this season of the year, is quite unusual, and is surprising in view of the great activity that has been made in the market for coupon interest notes, and rates are generally quoted lower than our last figures.

The following shows the exports (exclusive of specie) from New-York to foreign ports, for the week ending October 10, and since the beginning of the year:

Table showing exports from New-York to foreign ports for the week ending October 10 and since the beginning of the year.

From the Buffalo for fourteen days ending October 7, and nine days from Oswego, being shipments at the latter place from September 28 to October 6, inclusive, which, taken together, will show the amount of Flour and Grain about on the canals destined for the water:

Table showing flour and grain shipments on the canals for the week ending October 7 and nine days from Oswego.

The Stock Exchange has placed upon its list the stock of the Spring Mountain Coal Company. The Company has a capital of \$2,500,000, in shares of \$100 each. Its property consists of 2,000 acres of coal property, situated in Luzerne and Carbon counties, Pa., near Mesh Chuk. The Company has four collieries opened, and is producing at the rate of 8,500 tons per week of Lehigh Coal.

Attention is called to the advertisement of Merriam Scrip. The earnings of the McCreagr Western Railroad Company for the fourth week of September, 1865, were \$10,573 37.

There is a wide range in the prices of wheat this week. When shippers are buying wheat, it is usually the case that they establish the price of that sort. Just now, however, they are taking very little, paying about 17c in a few instances less, for very prime—while the lower grades are selling at 16c and 15c.

PROPOSALS FOR FUNDING CERTIFICATES OF INDEBTEDNESS, COMPOUND INTEREST NOTES AND TREASURY NOTES.—By virtue of the authority contained in the first section of an Act of Congress, entitled "An Act to provide ways and means to support the Government," approved March 3, 1865, which provides, among other things, that any Treasury Notes, or other obligations bearing interest issued under any Act of Congress, may, at the discretion of the Secretary of the Treasury, and with the consent of the holder, be converted into any description of bonds authorized by said act, notice is hereby given to the holders of Certificates of Indebtedness, which mature before the first day of January next, of Compound Interest Notes, and of two-year Treasury Notes, of the readiness of this Department to give in exchange for them, to the extent of Fifty millions of dollars, six per cent Five-Twenty Year Bonds, of one hundred and ten dollars each, and three dollars in certificates and one cent premium, provided the conversion is made prior to the first day of November next.

The holders in exchange for such certificates and notes will be an interest of six per cent per annum, payable semi-annually in coin, upon the first days of May and November, annually in coin, at the pleasure of the Government, and will be redeemable at the pleasure of the Government after five years, and payable in twenty years from the first day of November, 1865.

The coupon and registered bonds issued under this proposal will be of the denomination of One Hundred, Five Hundred and One Thousand Dollars. Registered bonds of Five Thousand and Ten Thousand Dollars will be issued if desired. Holders of Certificates, Compound Interest, or Treasury Notes, who desire to make such conversions, will deliver them to the Treasurer, the Assistant Treasurers, or the Designated Depositories of the United States, or to any National Depositary Bank which may consent to transact the business without charge.

Interest will be allowed on Certificates of Indebtedness, and one and two-year Treasury Notes matured or maturing prior to the first of November, 1865, up to the date of maturity, and when maturing after the first of November interest will be allowed to that day.

Upon the compound interest notes the interest will be computed to November first, 1865 upon the amount of principal and interest compounded on the back of said notes, from the period next prior to that date.

The principal and interest of such Treasury Notes and obligations will be considered together as an offer for conversion; but when, after deducting the principal of the Bonds, and three per cent premium, there remains a fractional part of one hundred dollars, this fractional part will be paid to the depositor.

The Secretary reserves to himself the right of withdrawing this proposal at any time prior to said first day of November, provided fifty millions of dollars shall, prior to that date, be offered for conversion as aforesaid.

Offers of instructions will be transmitted to the various offices authorized to receive Certificates and Notes, to which attention is invited.
